

CS-iWPT302-P Wireless Bluetooth Pressure Sensor

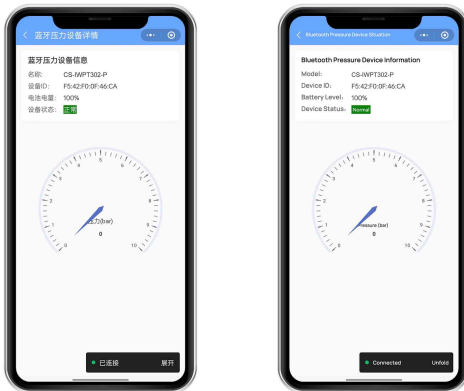

- ★ Compact size, easy to use
- ★ Magnet activation
- ★ Temperature & pressure integrated
- ★ Regular sampling & broadcasting
- ★ High Measurement Accuracy
- ★ View data on APP

Unit: mm

APP ▶

Application For pressure measurement for pumps, compressors, hydraulic machinery, excavators, pneumatic equipment

Communication Mode

Bluetooth 5.1

Power Supply	3.6VDC Lithium Battery
Battery Life	> 5 Years
Pressure Range	2/5/10/20/50bar 30/75/150/300/750psi
Pressure Accuracy	±0.5%F.S. @25°C(77°F)
Temperature Range ^①	-40°C ~ 85°C(-40°F~185°F)
Temperature Accuracy	±2°C(±3.6°F)
Sampling Interval	2~180s
Broadcast Interval	1~10s
Ingress Protection	IP65

Note 1: This temperature is the internal ambient temperature of the product
