

CS-PT300G Pressure Sensor

Copper Pipe

Internal Thread

External Thread

Waterproof Cable Outlet

M12

- ★ High overload & burst pressure
- ★ All welded structure
- ★ No O-rings, no leakage risks
- ★ Anti-condensation
- ★ Forward and reverse overvoltage
- ★ High accuracy
- ★ Quick delivery

Application

Energy Storage Units

Ground Source Heat Pump Units

Chilled Water Screw Units

Industrial Chiller Units

Centrifugal Refrigeration Units

Multi-split Air Conditioner

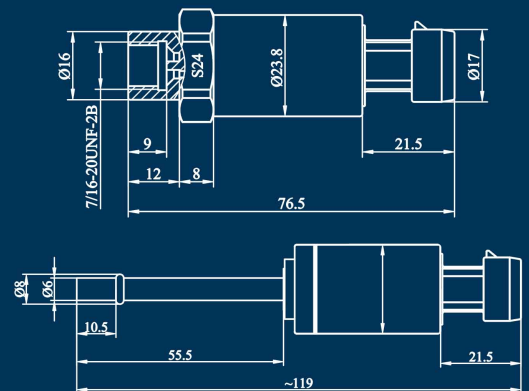

Water Source Heat Pump Units

Precision Air Conditioning for Machine Room

Air Source Heat Pump

Inter Row Air Conditioning

PRESSURE SENSOR

unit:mm

Pressure Range -1~10/20/30/40/50bar
-14.5~150/300/450/600/750psi

Accuracy 0.5%F.S.

Power Supply 10~30VDC
5±0.25VDC

Output Signal 4~20mA,
0.5~4.5V Ratio

Operating Temperatur -40°C~125°C
-40°F~257°F
